Hamмам - the journey

The exotic Hammam experience begins in the pre-heated steam room where you will begin to feel your muscles and mind relax. As part of the steam therapy, convenient cold water fountains are available so you can refresh yourself from time to time.

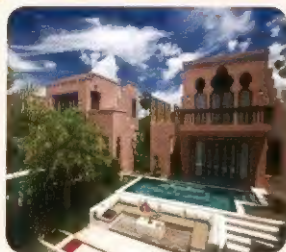

Enjoy the sensation of relinquishing control and tuning out everyday life as your *hammami* gently polishes your skin with black soap and the *kese* mitt. The result is a tingling feeling of rejuvenation throughout your body and soft, squeaky clean skin.

As a final cleansing, your *hammami* will gently pour purifying water over your body and then escort you to the shower room. To complete your *Hamмам* experience, your body will be dusted with fragrant rose water mist, wrapped in a soft robe and allowed to relax. A cup of warm mint tea will be offered to soothe your inner body.
